

Navigating Diabetes Eye Exam Measure in EQUIPP®

Provided by Pharmacy Quality Solutions

Pharmacies log in to EQUIPP® Dashboard

Pharmacies may participate in the program in one of two ways:

1. Documentation done through the EQUIPP User Interface (UI) by store-pharmacists or centralized support pharmacists
2. Documentation submitted back to PQS utilizing a standard template with documentation requirements

Navigate to the Performance Dashboard

- Select the 'Full Measure Set' in the Goal dropdown
- Select the Year-to-Date performance period

Understand Your Performance Score

- Review performance for the following measure:
 - Health Plan – Eye Exam Complete
- Compare performance scores for these measures vs program goals!
- Select the **OUTLIERS** button per measure to understand patient opportunities that exist in each measure

Last Name	First Name	Date of Birth	Designations	Payer Program	Measure Name	Measure Status	Documentation Status
BENNETT		07/19/1957	None			Outlier	Not Started
	V		None			Outlier	
	CHRISTIE		None			Outlier	
DICKERSON		10/26/1958	None			Outlier	
	JAMES	10/22/1947	None			Outlier	

Patient Educated?

Yes
 No
 Patient Declined Education

Patient Provided Retinal Eye Exam Resources? (i.e. PDF)

Patient Declined Education
 Yes
 No

Test Already Completed?

No
 Yes

Note (Please include location and date of eye test if patient reports they have already completed an eye test)

Measure Definition

- Retinal Eye Exam Performed annually
 - Specifications allow for negative eye exam in the prior year OR a negative exam during the measurement period

Frequency of Updates

- Performance scores update with each EQUIPP refresh (by the 15th of the month)
- However, **Outliers** are updated **EACH WEEK** (completed by end of day on Thursdays in the EQUIPP UI)
- Weekly Outlier file distributed on Fridays will include these **Outliers** for the Pharmacy
- Pharmacies are therefore encouraged to review the **Outliers** for these measures on a weekly basis!
