EQUIPP Elite?

Powered by PQS

Encourage Engagement

Log in to EQUIPP and review how Enhanced Services offers a unique opportunity for pharmacy staff to earn revenue by documenting on completed clinical services for available patients. Check this page **weekly!**

Prioritize Your Patients

Review outliers and track patient adherence by printing your patients page **weekly** in each PDC measure and grouping them appropriately to positively impact their outcomes.

Review Performance Data

Track your score trends **monthly** in the blue graph at each quality measure (PDC and others) on the main screen of your pharmacy dashboard.

Gain Insights at Each Measure

Selecting the name of a measure you're evaluating will send you to a detailed drill down with benchmarking and other performance comparisons.

Know Your Route to Success

The Quality Improvement Program (QIP) table should be checked **monthly** to track your performance towards a specific health plan's goal and evaluate how your pharmacy staff can meet this goal.

How to B.U.I.L.D. Success

Be Bold

Create a plan to earn additional dollars from performance programs by measure or through Enhanced Services in EQUIPP!

Understand Your Goals

Review your PSAO's Med D guide to prioritize which health plan programs you have the most opportunity in and set a plan to achieve those goals!

Influence Your Patients

Discuss positive health outcomes and the importance of medication adherence.

Learn from Your History

Set a plan influenced by historical performance that will lead to success in 2024 programs.

Do What Works

Engage with your staff, engage with your patients, and engage with your community's providers.
