

### How to B.U.I.L.D. Success

Be Bold
Create a plan to
earn additional
dollars from
performance
programs by
measure or through
Enhanced Services
in EQUIPP!

### U

Vour Goals
Review your PSAO's
Med D guide to
prioritize which
health plan programs
you have the most
opportunity in and
set a plan to acheive
those goals!

## Patients Discuss positive health outcomes and the importance of medication adherence.

# Learn from Your History Set a plan influenced by historical performance that will lead to success in 2024 programs.

Do What

Works
Engage with your staff, engage with your patients, and engage with your community's providers.

#### **Elements of EQUIPP**

**Enhanced Services-** Close gaps in care with patient intervention and documentation in Controlled Blood Pressure, A1C, and adherence programs.

**My Programs-** These health plan sponsored programs are designed to improve patient adherence, and they provide opportunities for your pharmacy to earn bonus dollars.

**Performance Trending-** EQUIPP® provides visibility to six month trend and Year-To-Date data that shows how your pharmacy's performance is changing over time as a result of improving activities.

**Measurement Data-** Monthly data updates provide the pharmacy with information on how their practices are impacting the quality of medication use.

**All Patients View-** Access your patients quickly and see all measures they are participating in. Sort by outliers (patients who are negatively impacting the performance score) and focus on these opportunities for improvement.

#### **Outlier Designations**

When in the EQUIPP® platform, hover over designations "?" for full definitions.

Extended Day Supply Opportunity: (for PDC measures only): identifies patients eligible for 90 day fills

LIS (Low Income Subsidy): Identifies patients who may be eligible for reduced copays

Actionable Impact: patient with potential to achieve > 80% PDC within the calendar year

No Impact: patient without potential to achieve > 80% PDC within the calendar year

**Peer Comparisons-** See where you stand on measures compared to peers in your pharmacy organization and across the top 20% of pharmacies across the country.

**Improvement Strategies-** Physician, patient and staff engagement resources and information are available for you via EQUIPP® to support the development of effective performance improvement strategies.

**PQS**
